Joanna is a Resource Partner at RGH, having previously worked as an Office Manager, Finance Manager and HR Recruitment Administrator. More recently, she has been recruiting for our ever-growing Digital Marketing and Tech Client base and has been working on one of our larger, global clients, sourcing Business Support and Finance roles.

Joanna's transition into a Researcher at RGH has been seamless with the wealth of experience she brings to the role.

She works from home and loves the flexibility RGH gives her to balance being a mum of two young children and a Resource Partner!
