Paul Dennis | Partner

✉ [paul.dennis@rgh-global.com](mailto:paul.dennis@rgh-global.com)

**LinkedIn**

Paul has over 20 years experience in recruitment, internal Talent Acquisition and Project Management within the IT / Tech space.

Spanning those years has seen Paul hire and manage implementations on a global scale. With his desire to keep up to date with current technology, he has worked on various roles, from application support to CTOs & Global CFOs. Everything from Computational Fluid Dynamics, Electric Vehicle, and sustainability solutions to the complete Microsoft Ecosystem, specialising heavily in the Microsoft Dynamics sector (SAAS, AI & Cloud). Ultimately Paul's ability to become a trusted advisor is his most valuable asset.

Although Paul's expertise shines through his passion, he enjoys the occasional glass of red with his wife at their home in Spain and walking their 3 rescue pups.
