Gael Bozec | Partner

✉ gael.bozec@rgh-global.com

Gael offers comprehensive talent and resource solutions. With over 25 years in international recruitment and 20 years consulting in the energy industry, Gael brings a unique understanding of commercial environments and proven sourcing expertise.

Specialising in sectors such as energy, power, oil and gas (including subsea), renewables (with a focus on hydropower, tidal, wind, and solar), water resources, transmission and distribution, civil, electrical, and mechanical engineering, QA/QC, technical inspection and expediting services, and quality surveillance and vendors inspection.

Client services include permanent and contract recruitment, recruitment campaigns, and executive search. With experience in sourcing rare skill sets globally, EPP Group delivers on projects with a business-like approach, regardless of location.
